PLAN TO CELEBRATE FAMILY HISTORY MONTH!

Curt B. Witcher

Before we know it, our Labor Day festivities will be but a faded memory and September will be nearly in the books. So, it is not at all too early to begin planning how you are going to celebrate Family History Month this coming October!

The Historical Genealogy Department, together with the Allen County Genealogical Society, the local DAR Chapter, and the Indiana Genealogical Society, has an entire month's worth of special activities planned for this October. Highlighting the list of activities are mini-workshops presented by two veteran researchers and lecturers, Margery Graham and Marie Goodrich; methodology classes presented by department staff; a forum on Indiana court records presented by John Newman, the Records Manager for the Supreme Court of Indiana; and extended research hours on October 31st! Look for a complete list of events, times, and locations in this e-zine. I invite you to participate in as many as you can.

In addition to participating in our Family History Month events, or those celebratory events in your communities, I also challenge you to celebrate Family History Month by actively doing something specific to advance family history, local history, or records preservation and access where you live.

If you have been putting off writing to that distant family member seeking genealogical information, pick up a pen and write the letter--or key and send that email--before the month wanes. If you have been considering volunteering for your local genealogical society--helping with the newsletter, organizing a cemetery clean-up day, planning a program, indexing some local records, or whatever else strikes you--do it well before the jack-'o'-lanterns turn dark. If you have been pondering how you might help your local courthouse staff preserve old records or prepare them for microfilming, pick up the phone or stop by and pay those folks a visit today, offering your services now. Then, when family history month rolls around, you'll already have a good reason to celebrate!

You can also celebrate Family History Month by starting to write your own life story so that your children, cousins, nephews and nieces--and their children--will have wonderfully rich and detailed information about you to include in their family history compilations. However you decide to celebrate, I encourage you to actively participate in the month. I know you will be glad you did.

NEW ENGLAND WOMEN AND THEIR FAMILIES IN THE 18TH AND 19TH CENTURIES

Roberta Ridley

These materials, a part of the "Research Collections in Women's Studies," were filmed from the manuscript collections of the American Antiquarian Society. The collections contain filmed original, handwritten documents from letter writers and diarists. These documents provide valuable glimpses into the everyday lives of families during the 18th and 19th centuries. An introduction to the collection advises, "Manuscript collections such as these are among the best places to recover the voices of women which are so often missing from newspapers, government documents, advice books, and other published sources." The detailed accounts within these manuscripts offer the reader a personal window into the past.

The collections are not just the voices of women, but also provide illuminating correspondence from men concerning business, education, finance, government, health, neighbors, travel plans, weather, and of course, romance. While some diary entries reflect the most routine daily occurrences, personal and business relationships are often detailed at great length.

The range of the correspondence is as wide as it is interesting and includes many New England families and their family connections throughout the country. For this reason these collections offer much to be discovered about New England families and perhaps some insight into the lives of one's ancestors.

The following can be found in the ACPL microtext area:

33 rolls – Series A, Part 1; Personal Papers, Letters, and Diaries – Manuscript collections from the American Antiquarian Society.

17 rolls – Series A, Part 2; Dewy – Bliss Family Collection

16 rolls – Series A, Part 3; Maine and Massachusetts Collection

22 rolls – Series B, Part 1; Personal Papers, Letters, and Diaries – Williams and Robinson Collection

44 rolls – Series B, Part 2; Personal Papers, Letters, and Diaries

26 rolls – Series C, Part 1; Personal Papers, Letters, Diaries – Selected Collections

27 rolls – Series C, Part 2; Personal Papers, Letters, and Diaries – Selected Collections

DEAR DIARY, TELL ME ABOUT MY ANCESTORS

Steven W. Myers

There are so many questions we would like answered about our ancestors' lives. Unfortunately, we can no longer directly ask those who could best provide the answers. As researchers we must, instead, pose our queries to the document trail our forebears left behind. Genealogists spend most of their time searching for these ancestral traces in published histories and genealogies, as well as in the voluminous public records of births, marriages, deaths, censuses, deeds, wills, and the like. The picture created from this puzzle of sources is often incomplete, and missing the very pieces that would help bring our ancestors to life. So, what else can we do? How about asking the neighbors? Yes, I mean those long dead neighbors of great-great-grandma!

Private records, in the form of personal diaries or letters, are a source seldom consulted by family historians who have not been fortunate enough to find such documents left for them by a direct ancestor. Yet the diaries of our ancestor's friends and neighbors can provide an equally unique and valuable glimpse of their everyday life. Fascinating accounts of local events or the hardships of the pioneer trail, including personal references, are rewarding possibilities. Some diaries may even mention an ancestor's birth, marriage or death in a time period before official records were kept. Diarists were present in so many communities, that it is quite possible an account exists that will touch on at least one of your ancestral lines.

A good place to begin a search for surviving sources is *American Diaries: An Annotated Bibliography of Published American Diaries and Journals* [call number 920.073016 Ar4a]. Its name, subject and geographic indexes to 6000 diaries make it easy to see if a diary was kept by a distant relative, or by anyone else living in a particular place. Many guides, such as *New England Diaries, 1602-1800* [call number 974 F74ga], include both published and manuscript journals. *The Trail West: A Bibliography-*

Index to Western American Trails, 1841-1869 [call number 016.978 T66t] indexes some 3000 pioneer accounts of the trek west both by year and trail segment, making it easy to identify relevant material. Other similar guides, as well as many of the published diaries listed, can be found in the Genealogy Department or in the library's general collections. Try them, and fill in some interesting missing pieces in your family puzzle!

FAMILY HISTORY MONTH AT ACPL

October is Family History Month!! Special events planned throughout the month include lectures and presentations, Daughters of the American Revolution Lineage Assistance Day, computer demonstrations utilizing genealogical databases, extended research hours on October 31st, and much more! You'll find the exciting schedule of events listed below.

Night Owl research is scheduled on Sunday, October 31 from 6pm - midnight in the Genealogy Department. How often have you wished you could bring a cot to the library and do research all night? Well, it's not all night, but until the clock strikes midnight, you are welcome to peruse the shelves of one of the largest genealogy collections in the nation. Those wishing to attend this special night of research need to be in the department by 6pm that evening. Please call the Genealogy Department at 260-421-1225 to sign up for these workshops and the Night Owl research, as space is limited.

GENEALOGY DEPARTMENT QUERIES

The Historical Genealogy Department hopes you find this newsletter interesting. Thank you for subscribing. We cannot, however, answer personal research emails written to the e-zine address. The department houses a Research Center that makes photocopies and conducts research for a fee.

If you have a general question about our collection, or are interested in the Research Center, please telephone the library and speak to a librarian who will be glad to answer your general questions or send you a research center form. Our telephone number is 260-421-1225. If you'd like to email a general information question about the department, please email: CWitcher@ACPL.Lib.in.us. Look for a general genealogy query email address coming soon.

PUBLISHING NOTE

This electronic newsletter is published by the Allen County Public Library's Historical Genealogy Department, and is intended to enlighten readers about genealogical research methods, as well as inform them about the vast resources of the Allen County Public Library. We welcome the wide distribution of this newsletter and encourage readers to forward it to their friends and societies. All precautions have been taken to avoid errors. However, the publisher does not assume any liability to any party for any loss or damage caused by errors or omissions, no matter the cause.
